Customized **solutions** for your plastic bottle
and container requirements...

Welcome

At Chelco Packaging we specialize in customized supply solutions for your plastic bottle and container requirements.

Our extensive supply network affords our clients the advantage of one-stop shopping and the benefit of economies of scale, resulting in highly competitive rates and the efficiency of a streamlined chain of supply: in short, a hassle-free supply solution that you can turn to again and again.

Drawing on more than thirty years experience in the plastics packaging industry our success is built on a commitment to excellence at all levels. From the hands-on design and development of customized containers or stock bottles to the availability of ongoing technical support and product knowledge we offer a reliable resource that ensures the right supply solution for your needs.

Finally, at Chelco Packaging we understand that the needs of a client are unique, that there are seldom 'cookie-cutter' solutions for all, which is why we guarantee an exceptional level of customer service on a day to day basis that is tailored to the specific needs of your business and to the realities of your business routine.

When time is money clear and prompt communication is essential, and a responsive and knowledgeable personnel at your service will leave your time free for other valuable things. Let us worry about the details of your container supply so that you don't have to.

Let us put our expertise to work for you!

Supply Solutions

- We offer an extensive manufacturing network that ensures a flexibility of supply and that freight costs are kept low. We have several manufacturing facilities in the GTA, one on the west coast in Surrey, B.C.; and one in the Midwest near Chicago.
- We offer a manufacturing network that is partnered strategically to ensure our ability to supply most types of plastic container materials including HDPE, PVC, Polypropylene and PET, and in a wide variety of sizes. This facilitates one-stop shopping and a streamlined chain of supply for our clients.
- We offer services to assist with the design and development of your container, whether you require a customized container for a uniquely branded look, or a stock bottle that will meet the parameters you have already established. Where volumes warrant we will make the necessary investments in tooling and moulds to supply the container you envision.
- We offer the resources to hold the necessary inventory levels that will ensure your supply, and to monitor them on a regular basis. Similarly we will target and track production runs, supplies and order requirements to make sure you have your containers when promised and as needed.
- We offer a knowledgeable and dedicated personnel that will be at your service on a daily basis to ensure your inquiries are answered promptly and your requirements are met.
- We offer competitive pricing through our buying power and the economies of scale at our disposal.
